

# SAFETY ADVISORY

## SKYDIVING OPERATIONS IN THE AREA

**PARACHUTES ARE TERRIBLE  
HOOD ORNAMENTS**

Learn more about us/skydiving ▶

**Identifier: 48TX/TriCounty Airport**

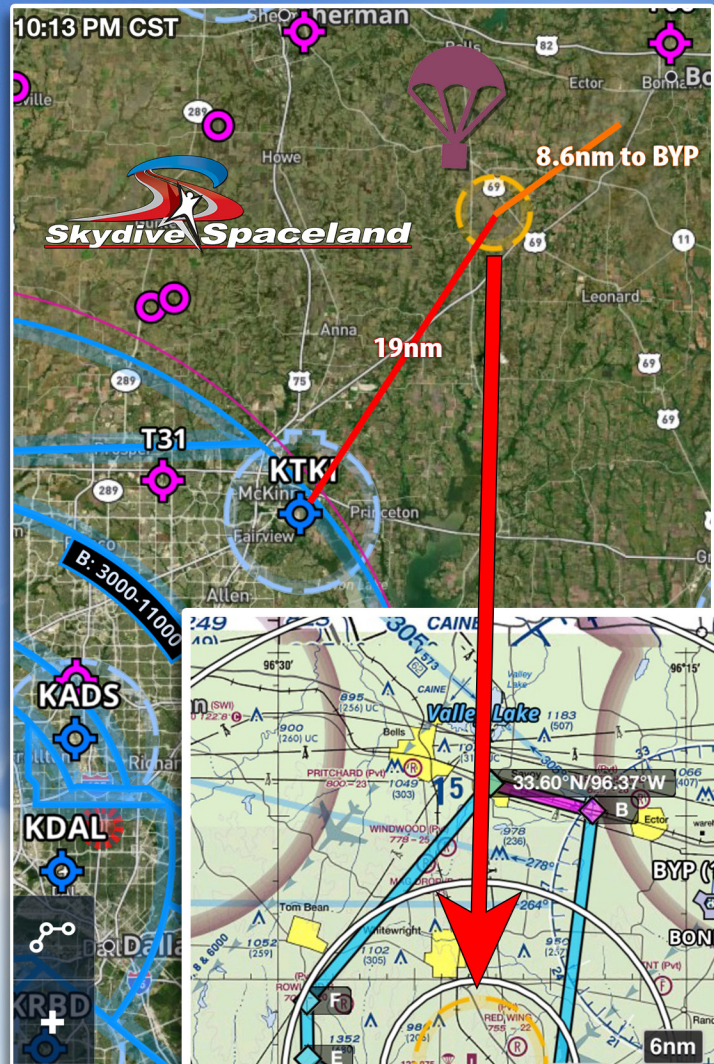

**CTAF: 123.075 ATC: 124.87**

**Operating: 7 days/0800-sunset**

**Phone: 903-364-5103**

SKYDIVE SPACELAND DALLAS is a high-volume, multi-turbine skydiving center. We do our best to deconflict with traffic, but we need your help too! It's safest to always fly at least 3NM from Tri-County Airport, and we highly recommend monitoring CTAF(123.075), or FW Center (124.87), when operating within 10NM. We're always happy to help you transition through the area.

**We see many incursions and near misses due to lack of awareness of our busy, daily operations from 14,000MSL-SFC.**

**We operate exclusively within this blue airspace box as assigned by FW Center.**

**Please help us spread the word!**
